

## 25 Items You Need To Sew by Food Storage Moms

If you have a store near you that sells fabric, they typically sell sewing notions. Here's a PRINTABLE list for sewing items:

1. Sewing machine with case or cover, this is critical to keep the dust off of it
2. Bobbins that work with YOUR machine, bobbins make look the same but they are not
3. Bobbin holder, this is what I use, I have two of them: [Blue Feather Bobbinsaver, Red](#)
4. Thread gets old and brittle, please discard thread that may be 8-10 years old, it shreds
5. Good scissors (please do not use these for crafts they dull the blades) I have several sizes for different projects
6. Needles, both for machines and for sewing by hand. Typically the needles for machines have numbers for different uses. My favorite sewing machine needles are [Schmetz Needles](#)
